

## **SIGRINER AUTOMATION**

### **World Elevator & Escalator EXPO (WEE EXPO) (10 – 13 May 2016)**

**SIGRINER Automation** together with its principal **Shanghai STEP** took part in the World Elevator & Escalator exhibition in Shanghai on 10 – 13 May 2016. This WEE Expo was organized by China Elevator Association (CEA) and held at National Exhibition and Convention Center in Shanghai.

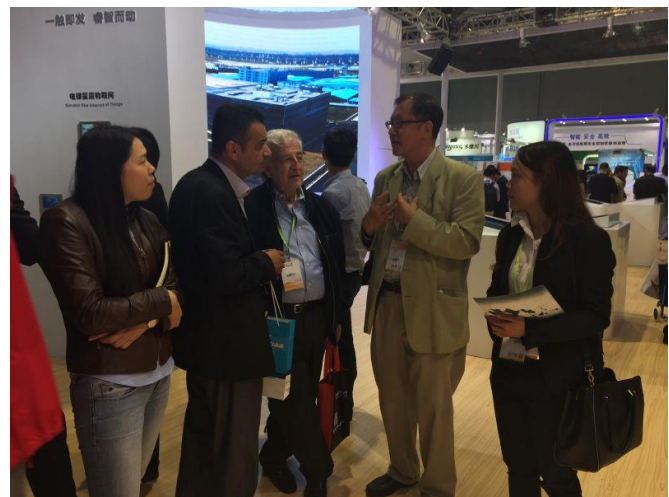

WEE Expo 2016 focused on latest innovation, exchange and cooperation and is the world largest elevator & escalator exhibition. The estimated total area for WEE Expo is more than 135,000 square meters.

703 enterprises participated in this Exhibition from 22 countries including the Italy, Germany, The United States, India, Turkey, Singapore, Japan, Korea and England. Of which 107 of these enterprises showcased their entire machine and 561 were component-manufacturers.

WEE Expo 2016 acts as a bridge for the world elevator industry to communicate, provides links to China elevator industry and offers the opportunities for enterprises to showcase their innovative technologies.

The **Sigriner Automation** showcased their latest Elevator Controller ES04 product at Shanghai STEP booth.

This product drew a lot of interest from the crowd, as it has been designed to meet international standards.

**Sigriner Automation** was represented by Mr. JS Lim, Ms. Harnny Ong, Mr. Michael Lim and Ms. Isabel Chong. This was the first joint exhibition with Shanghai STEP. **Mr. Johnny Wang, General Manager from Shanghai STEP** was also at this event to show his support.
